

LARGE ENROLLMENT AT LOCAL NORMAL SCHOOL IS ASSURED

At Least Sixty Teachers and Prospective Teachers Are Expected to Take Special Normal Course at High School.

The Normal School under the auspices of the Maysville and Mason county Boards of Education will be opened at the Maysville High School on next Monday morning and it is expected that at least sixty teachers and prospective teachers will be enrolled when the school opens. Already more than half that number have enrolled and it is thought that many will decide to take the course this week.

Several teachers are also coming here for the course from Bracken, Robertson and Lewis counties. The school will be in charge of Superintendent W. J. Caplinger, of the Maysville Public Schools, and besides Mr. Caplinger, Prof. George Noel, principal of the Maysville High School, and Prof. G. E. Everett, principal of the Maysville High School will make up the faculty.

As the High School's actual work closes with this week, the Normal school will have plenty of class room space at the High School building beginning Monday. The Normal School will be in session six days a week for five weeks and the teachers completing this course will be given the same credits as if they had attended one of the State Normal Schools for the summer course.

The expense of the course is being paid by the city and county boards of education and Maysville and Mason county teachers will receive their tuition free. Teachers from adjoining counties will be required to pay a small tuition fee to help defray the expenses of the course but this tuition will be much smaller than the expense of attending one of the state schools.

ALL THREE PRIZES GO TO EMPLOYEES OF LOCAL BANK

Local Bank Employees Offer Best Investment for Kentucky Widow in Contest of Employees of All Banks in District.

Miss Elizabeth Reed, Mr. James Childs and Mr. W. A. Munzing, employees of the Bank of Maysville, won the three prizes offered by the bankers of the Sixth and Ninth groups of the Kentucky Bankers' Association in giving the best investments for a widow left with an estate of \$25,000 in money.

In this contest the employees of all the banks in the Sixth and Ninth congressional district took part. The five best suggestions were printed upon ballots distributed among those attending the convention Wednesday at Beechwood. A committee then tabulated the ballots and awarded the first prize of fifty dollars to Mr. W. A. Munzing, the second prize of \$25 to Mr. James Childs and the third prize of \$10 to Miss Elizabeth Reed.

The winning suggestions follow:

First—W. A. Munzing:

Investments for a widow whose entire estate is \$25,000 in cash.

First—The purchase of a modest home, \$2,500.00.

Second—Deposit in Savings Department some Bank or Trust Co. \$2,500.00.

Third—Invest in Liberty Bonds first to fourth issues inclusive \$10,000.00.

Fourth—Buy First Mortgage Farm Bonds, \$10,000.00.

Reasons for above investments:

First—To insure a permanent home.

Second—To have a reasonable amount of money available in case of an emergency.

Third—They are a long time loan with absolute safety of both principal and interest, will yield an average of about 5 1/2% at present prices, being tax free, need not furnish a monthly income for eight months of each year.

Fourth—Are considered by all bankers and investors as the one best moderate earning investment known. If 6% bonds will yield 5-5 1/2% net yield, being taxable at 40 cents in hundred in this state.

The above will produce an income of about \$1,750.00 a year, not including the use of the home.

Second—James Childs.

She should purchase a moderately priced home, not to exceed \$3,000. If circumstances make it desirable to board, she could make this investment an additional source of income.

In investing the remainder, safety of principal should be the first consideration and then an adequate income.

Direct obligations of the United States Government are the safest securities.

When we consider their tax exemption features, the net income they will yield and the term of years they will run, Registered Liberty 4 1/2% per cent. Bonds, in my opinion, would be the BEST investment.

Suggestion:

\$7,000 1st Liberty Loan Conv. 4 1/2% per cent. @ \$75.00 6,125.00

\$7,000 2nd Liberty Loan Conv. 4 1/2% per cent. @ \$86.76 6,073.20

\$4,000 3rd Liberty Loan 4 1/2% per cent. @ \$90.70 3,628.00

\$7,000 4th Liberty Loan 4 1/2% per cent. @ \$86.74 6,071.80

\$21,898.00

Or such selection from these four issues to make the par value not less than \$25,000. This would give an annual income of \$1,925.00 in eight payments. Thus she would not only keep her original estate intact, but would have the pleasure and satisfaction of seeing it substantially increased as her bonds approach maturity.

Third—Miss Elizabeth Reed.

Regarding your contest, I submit the following answer:

I would keep this \$25,000.00 invested in bonds or notes, such as I could procure from my banker, secured by first mortgage on farm lands in Kentucky, a state famous for the excellence of its farm products. These bonds or notes bear interest at the rate of six per cent. per annum, generally payable semi-annually. The gross income from this investment would be \$1,500.00 annually, and after deducting \$100 for state taxes, the net annual income would be \$1,400.00.

These farm lands are made at about fifty per cent. of the land valuation, affording a wide margin of safety. The good farm mortgage bond or note is not subject to market fluctuations. It has always been sold at par, has always been worth par, and it is highly probable that it always will be worth par, irrespective of financial conditions or world disturbance.

No better security exists than farm lands. Conditions may change; governments may rise and fall; invasions may be multiplied; but as long as humans inhabit the globe, agriculture will ever be the basis of life, happiness and prosperity.

FORMER PASTOR WRITES LETTER FROM CHINA.

W. H. ROBB MADE CONFEDERATE BRIGADIER GENERAL

Mason County Man Elected Commander of First Brigade Confederate Veterans.

Four Brigadier Generals were elected Wednesday by the Kentucky Division of Confederate Veterans, meeting at Pewee Valley. The new commanders are: First brigade, William H. Robb, Maysville; second brigade, C. F. Jarratt, Hopkinsville; third brigade, Thomas D. Osborne, Louisville; and fourth brigade, N. B. Dentherage, Richmond. Gen. W. H. Haldeman is the life commander of the fifth brigade, known as the Orphan Brigade. Col. W. J. Stone, Frankfort, was elected division commander.

Plans were discussed for the completion of the Jefferson Davis monument at Fairchild, Ky., which was begun fourteen years ago. The Daughters of Confederacy have pledged their aid in helping to obtain the necessary funds. The monument, as it now stands, is 170 feet high. When completed it will be 350 feet high.

General Haldeman introduced a resolution, voting an expression of sympathy to Mrs. A. T. Hiett at the loss of her husband. The resolution was unanimously approved.

J. W. MYALL SEVERELY BURNED.

Monday night of last week as Jas. W. Myall, merchant at Nepton, was about to close up for the night, he started to turn out a gasoline lamp, but instead turned it on, the gasoline running down his arm and burning his hand and arm in terrible manner. He also caught to some goods on the counter, and but for assistance the result might have been much more serious. At last report Mr. Myall was improving but still confined to his bed most of the time. — Flemingsburg Times-Democrat.

SPLENDID RAINS ARE WELCOMED BY FARMERS.

The splendid rains of Wednesday night and Thursday morning were very welcome to the farmers of this section who have been needing rains badly not only for growing crops but to get out the tobacco crop. In some sections the rains were not sufficient to do the farmers much good.

NATIONAL COMMANDER OF LEGION KILLED IN AUTO ACCIDENT

Automobile Goes Over Embankment Near Indianapolis Killing Colonel F. W. Galbraith, of Cincinnati, and Injuring Others.

Colonel Frederick W. Galbraith, of Cincinnati, Commander-in-Chief of the American Legion, prominent Cincinnati business man and veteran of the World War, was killed in an automobile accident near Indianapolis, Ind., at 1:30 o'clock Thursday morning.

With two companions, he was hurled from an automobile at a sharp curve. Col. Galbraith suffered a skull fracture when the machine leaped a 20-foot embankment and overturned. He died en route to a hospital.

Henry J. Ryan, of Indianapolis, national director of the Legion's Americanism commission, and Milton J. Foreman of Chicago, national committeeman of the Legion from Illinois, the other occupants of the car, were injured. The three men were returning to Indianapolis from the County club in Mr. Ryan's car. The car failed to make a sharp turn in the road and ran over the embankment across the sidewalk and turned over several times, landing at the foot of the embankment.

All three men were thrown clear of the car as it went down.

Mr. Ryan, who was driving the car, declared he believed a defect in the steering apparatus caused him to lose control of the machine. He and Mr. Foreman were slightly injured.

Coroner Paul F. Robinson, who made an investigation immediately after the accident, said an examination of the wrecked machine showed a broken connection of the steering wheel.

THREE KILLED, TWO HURT AS FREIGHT TRAIN LEAVES TRACK

B. & O. Freight Train Wrecked Near Seymour, Ind., Wednesday—Seventeen Cars Derailed.

Seymour, Ind., June 9.—Three were killed and two seriously injured when two engines pulling a fast eastbound freight train on the B. & O. railroad turned over at Medora, seventeen miles west of here Wednesday.

It is reported that the train ran into an open switch, but officials of the company said that the cause of the wreck had not been determined.

The dead are: Hugo Selfker, engineer, 40 years old; Thomas J. Hill, fireman; Harry McCulley, brakeman, all of Seymour.

The injured: M. E. Downey, engineer, severely scalded; C. H. Harding, fireman, seriously burned and scalded, both of Seymour.

The trainmen killed were riding on the first locomotive. The injured were on the second engine. The train was composed of fifty-plus loaded ears and an empty freight car. It is one of the fastest freight trains on the Indiana division and was en route from St. Louis to Cincinnati.

Seventeen cars were piled up on the track. Seven of the wrecked cars were loaded with livestock consigned to Cincinnati, eight of them were filled with quick dispatch freight and two with perishable produce. Nearly all of the ears which left the track were splintered.

ADAMS COUNTY FARMER DROPS DEAD.

The Manchester Signal says: C. D. Morris, 40, suddenly expired in his tobacco field near Eckmanville soon after the noon hour Saturday. He ate his dinner at the usual hour after doing the half-day's work. There was nothing to indicate his approaching death when he left his home.

Mrs. Morris, who survives is a daughter of Carey Alexander well known in Adams county. Mr. Morris was held in high esteem by his neighbors and by those who knew of him. There were no children.

Miss Mollie Cusey arrived home this afternoon from Hollidaysburg, Pa.

Mr. Frank Owens left this afternoon for his home at Denver, Colo., after a visit with his parents, Mr. and Mrs. Robert Owens, of Third street.

MAYSVILLE MAN IS MADE DOCTOR OF LAWS BY CENTER

Honorary Degree Is Conferred Upon William B. Mathews, of Los Angeles, Calif., Former Maysvillian.

The annual commencement exercises of Center College were held Wednesday at Danville, the Rev. Leonard Barrett, of Ana Arbor, Mehl., delivering the commencement address. Sixteen students received the degree of Bachelor of Arts and four received the degree of Bachelor of Science.

Honorary degrees were conferred on three former graduates of Centro at this commencement, one of the three being William B. Mathews, of Los Angeles, California, native Maysvillian, who received the degree of Doctor of Laws (LL. D.) Mr. Mathews is a practicing attorney in the California city. For many years he was City Attorney of Los Angeles. He is a brother of Editor Clarence Mathews of the Public Ledger, and a brother-in-law of Mr. J. Foster Barbour.

Mr. Mathews, who with his family is now in Danville, will visit in Maysville before his return to California.

And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

REJECTION OF PLANS AND SPECIFICATIONS.

Talk about the League of Nations at this late day is of necessity more or less threshing over old straw lest some missed grain may yet be retrieved. But when there seems occasion for furnishing information on doubtful points to some anxious inquirer it is in place to say it is The London Daily News breezing in with comment and query, to wit:

"The United States will have nothing to do with the greatest organization ever created for the fulfillment of the league's high purposes, and this not because America disapproves any one of the objects of the league, but because her people at the last election gave a decisive vote against the party of one of the league's chief founders. Is this policy or politics? If the latter, is it domestic politics or international?"

The answer to each question is both. It is always good policy and good politics to preserve national separateness and integrity of government, even in the midst of international unity both of purpose and performance. This is quite as sound principle in international as domestic politics. The people of the United States did not disapprove of the purpose of the league, but some of its plans of operation; did not disapprove the objects of the charter, but some of its obviously dangerous international involvements. America is now the associate of Europe for peace: always an available ally, but never a servile subordinate.

JUST BEFORE ELECTION.

Did you ever notice how clever some folks get just before election?

I was sure you had.

Don't know whether you're just like me or not, but it makes me feel like doing everything else I can think of for the fellow, except voting for him, when after passing me for years with nothing but a grunt, he comes up one day all smiles, and with his hand extended, tells me he's a candidate.

CHILDREN'S DAY.

The time has come again when Mary and John are getting ready for Children's Day at the Sunday school. John's going to speak a piece and Mary's going to sing a song. It's a big day with the kiddies—Children's Day.

Remember the time you spoke a piece on Children's Day? Remember how Mildred Johnson's silver paper star got broke and you fixed it for her? That was a great day for you, wasn't it? Stands out like graduation day, your marriage day and the day the first boy was born.

DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. BENZ, 131 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives. Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

Mrs. Heid of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says: "Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HEID, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

BECAUSE

Our Forefathers fought against Monopoly of Office, Klugs, and Aristocracy. They gave the world the greatest government under the canopy of heaven. A government of equal rights to all and special privileges to none.

A country where men of merit, though in the ranks of the poor, could rise to the highest position. Eighteen consecutive years is a special privilege, a monopoly of office and condemned by the Men who Made the Nation.

STRAY ROOSTERS THREATEN RECENT CAMPAIGN SUCCESS.

Roosters which were not killed, confined or sold during "Rooster Week" which has just ended will do much toward preventing the campaign for infertile summer eggs from being successful, according to members of the poultry department of the College of Agriculture. Farmers who did not eliminate their roosters from the flocks during that week have been asked to do so at once since one or two male birds running with the laying flock can produce many fertile eggs which spoil rapidly during the summer months and are discriminated against on the market.

There are seven distinct varieties of United States paper currency: Federal Reserve Notes, Federal Reserve Bank Notes, silver certificates, United States notes, national bank notes, Treasury notes of 1890 and gold certificates.

"Something to Think About"

Both of their hearts fed only on memories. Both of their lives seemed ruined. Behind them folly. Before them wealth without love. One day the Great Thing came—something even bigger than love—something you'll think about, too. A romance that scales the heights and plumbs the depths of human experience set in a riot of color and beauty. A throbbing with the mightiest heart appeal ever attained in a picture.

New York Letter

by
Lucy Jeanne Price

New York. — Poor Tammany! When it isn't one thing it's another! Somebody's always picking on the poor child. Just now it's the Anti-Saloon League. What have they done? Why, they've gone and endorsed the way the Tammany administration is enforcing the dry laws "Conspiracy!" cry the poor beleaguered leaders of Charlie Murphy's force. "It's another trick of those unprincipled Republicans. They would do anything to hurt us—even get us a prohibition endorsement." Meanwhile the dry forces are just a small hit perplexed, taken off their feet at it were. To go forward with a smiling word of approval and appreciation and he met with a yell of "Stop abusing us!" must be distressing, indeed.

—NY—
How times do change! Days were when any girl who aspired to a higher education was generally expected by a disapproving public to wear her hair short in pathetic emulation of her brothers. Today — well, the very thought of short hair seems to connote frivolity and flapperism. No less ponderous and supposedly reasoning body that the faculty of Columbia University came forward the other day, anent the bobbed-hair ambitions of one student, and severely set down its composite faculty foot with the words that "It would be absurd to confer on a short-haired girl the degree of B. S."

There is such a thing as temperance even outside of state doors and when it exists, it is difficult to restrain it. Fred Collins follows the prelate

occupation of being a waiter and yet all-moving is Fred's temperament. He was arrested the other day on a charge of assaulting a policeman. "You looked like a fellow I had it in for and I couldn't resist taking a swipe at you," he explained to the officer who arrested him. "Well, I didn't look enough like him to be him, did I?" asked the policeman. "Oh, no, I knew you were not him. But don't you understand? You looked like him and so I just HAD to hit you. I couldn't help it." Now, that's what we call truly a dramatic nature.

New York is looking forward to reduced prices on California fruit—all on account of the war. It actually took a world war to wake the United States up to the possibilities in food with the water squeezed out of it. Up to that time, we had looked upon anything called "dehydrated" as we used to call the old-fashioned dried apples that hung from the attic rafters. Immense strides had been made in rehydration previous to the war; but not many took it seriously. Then we heard our dehydrated vegetables were all that saved the British troops in the Orient from berri-berri and we got interested. A leading hotel in New York gave a course luncheon to a war organization in which I was a director at which everything on the menu was dehydrated. Now the country has taken it up in earnest and appreciates what it means to shipping costs to be able to ship food instead of water. The fruits and vegetables so prepared are shipped in barrels lined with paraffine oil

waterglass, which hermetically seals them, and the goods will keep indefinitely after the barrels are opened. So, as I said, New York is going to eat and preserve California fruit whenever she wants to—and hang the expense! Not only freight costs are out but sugar cost. For in canning the dehydrated products no sugar need be added until they are ready to be served. And most of us know that extra three to eight cents that goes on the sugar prices during the canning season!

Roller skates have practical business value to one man, at least. An ingenious peddler about Times Square uses them as a means of evading the heavy hand of the law. He has a special pair of wheels, larger than the ordinary skates and rubber tired. He carries his wares in a box slung over his shoulders, and from his high perch on the skates can see an officer a block

away. Then, with the aid of the rubber-tired wheels, it is a simple matter to be far away from there in plenty of time.

Even the hold-up men can be thrown into a panic with comparative ease. Four men, who entered a restaurant in Brooklyn the other night were going fine, with the twenty patrons holding their hands high in the air, when on him at a rear table yelled that he was a detective. The bandits rushed for the exit in such a hurry that one of them fell, and was later captured. LUCY JEANNE PRICE.

TOWBOAT CRE WHAS

NARROW ESCAPE.

Louisville, June 8. —Members of the crew of the gasoline towboat A. A. Braam narrowly escaped injury when gasoline tank exploded and wrecked the engine while the boat was enroute from Derby, Ind., to Louisville late Monday afternoon. It was learned today. Damage to the engine was estimated at \$4,000. Had the hull been damaged by the explosion, according to reports, it is likely the crew would have been drowned in mid-stream.

The accident occurred shortly before the craft reached the canal locks. The engine was broken in two. A tugboat towed the boat to Louisville.

Captain E. S. Miller was in charge of the boat, which is the property of the Louisville Point Lumber Company and is used by the company for towing logs from lower river points to the company plant on Towhead Island.

Since before the world war the English language has superseded Spanish for commercial use in South America. In 1914 Spanish led all the rest. French came second and English third.

JOHN T. ADAMS IS NAMED SUCCESSOR TO WILL S. HAYS

Iowa Man Is Chosen Head of Repub-
lican Committee — Convention
Representation Is Changed.

Washington, June 9 — Election of
John T. Adams of Duquaque, Ia., as
Chairman to succeed Postmaster Gen-
eral Hays whose resignation was
formally announced, and adoption of
a new basis of representation at na-
tional conventions, resulting in a fur-
ther cut in the number of delegates
from the South, marked the meeting
Wednesday of the Republican National
Committee. Mr. Adams, who was Vice
Chairman, was succeeded in that office
by Ralph E. Williams of Portland, Ore.
Mrs. Leonard G. Woods, of Pittsburgh,
was elected Second Vice Chairman, an
office created by committee action in
recognition of the women membership
in the party.

The change in representation based
on the Republican votes of the last
election reduced by twenty-three the
number of delegates who were accred-
ited from the Southern states to the
Chicago convention last June. This
represents a cut of 17 per cent, and
makes a total cut of 40 per cent. in the
number of delegates from those states
since the 1912 convention.

Under the new plan of apportion-
ment, the next national convention
will be made up of 1,037 delegates,
fifty-three more than the last, unless
there are great changes in the state
votes of last fall, upon which this cal-
culation was made.

The old system allowed for one dele-
gate from each Congressional district,
but under the new plan a district must
have cast 2,500 Republican votes in
the last preceding election before it
may send a delegate to the convention.
To have two district delegates there
must have been cast 10,000 Republican
votes, or a Republican Representative
must have been elected to Congress.
Under the former plan 7,500 votes gave
two delegates.

Provision is also made in the new
plan for the seating of two additional
Delegates-at-large from each state
carried at the last preceding election
by the Republicans.

The Southern states, it was an-
nounced, are affected as follows under
the new plan:

Arkansas, increased 1; Florida, in-
creased 2; Georgia, reduced 7; Louisi-
ana reduced 3; Mississippi, reduced
8; South Carolina, reduced 7; Texas,
reduced 2; Virginia, increased 1. The
representation of North Carolina and
Alabama remain the same. Mr. Howell
said that the net result was that those
states, unless changes come in the vot-
ing, would send 144 delegates to the

next national convention instead of
167, by which they were represented in
Chicago last June.

Rev. J. W. Simpson, of Whitesburg,
Ky., is spending a few days with home
folks.
